Dr. Padfield Scores Opponent in School Race

Dr. Cyril Padfield, long-time member of the board of trustees of the La Mesa-Spring Valley School District who seeks re-election on Apr. 20, told a group at a Casa de Oro meeting Monday night that a board member must have a keen interest in children's welfare. He said a board member must also have a willingness to devote much of his time and energy to insure that public schools produce well-educated and responsible citizens. But most important, Dr. Padfield pointed out, a school board member should have an overall knowledge, not only on the local level, but on a state and national level as well. He said that during his eleven years on the LM-SV School board that he has acquired a vast knowledge of the workings of the district, and how to arrive at the best solutions of problems.

JACQUELYN

Padfield stressed the point that the La Mesa-Spring Valley School District is a first-class district, and not a second-rate, as was recently pointed out by Mrs. Ann Mosher, another candidate for the board. He said a school district is only as good as its teachers and that Mrs. Mosher's remark "cast aspersions upon the teachers of the district."

Dr. Padfield said the district has some of the best teachers.

"To maintain a good school district, somebody has to pay for it... the taxpayer" he said. He said he has often been criticzed for stressing economy in the district, but being a businessman and a home owner, he said he knows how overburdened the taxpayer is. There is a limit to setting educational programs, he added.

Dr. Padfield said there is a need to place further stress on moral and spiritual values. He cited the recent incident on the Berkeley campus as a disgrace. He said that somewhere along the line public schools have failed to instill children with the true sense of moral and spiritual values, and responsible American citizenship. He said it is up to every board member to improve this program in the schools.

FLAP-JACKS PROVIDE $1,500 FOR LOCAL YOUTH PROJECTS

More than 2,700 people passed through the flap-jack serving line Saturday when the Lemon Grove Kiwanis club presented its 1965 edition of the Flap-Jack Jamboree, according to Paul Reynolds, club president.

"We will net about $1,500 for Lemon Grove youth projects," Stan Rogers, general chairman of the event said. "We took in approximately $1,500 from adults and $1,200 from youngsters. They ate a whale of a lot of pancakes," he added. "We expected 3,000 people but we missed that total. It's still a record turnout."

Reynolds said the VFW Hospitality Day added to the success of the event. The nearby VFW hall was open all day for refreshments. A free dance was held Saturday evening at the Hall to which all flap-jack diners were invited.

Proceeds from the annual event are used for Kiwanis Club youth projects in the Lemon Grove area.

M. G. "Jerry" McReynolds, 31, of 7225 Adams st., Lemon Grove, returned Sunday from a hospital in Wickenburg, Arizona following an accident March 15.

Mount Miguel Stages Musical With Cast Of 400 Students April 8, 9 and 10 Evenings

"Arts In View," an original and sparkling musical extravaganza, will be presented by the combined instrumental music, choral music and modern dance departments of the student body of Mt. Miguel High School, Thursday, Friday and Saturday nights, April 8, 9 and 10.

Under the direction of Lawrence Christianson, together with Mrs. Loretta Taylor and Robert Boucher, the students have been rehearsing at least one hour of each school day to bring about a polished performance. Nine musical selections have been chosen by Christianson and Boucher with Mrs. Taylor choreographing each number.

The now famous "Telstar" will bring into view each selection by narration of two students. Approximately 400 students will take part in the program, including some who will not only play in the orchestra or band but also sing or dance. The costume changing in itself is an engineering fete in time is an engineering fete in timing and location.

The program includes the following musical selections: "English Folk Song Suite," by Ralph Vaughn Williams; "Pavanne," by Faure; "Divertimento," by Persichetti; selections from "Merry Widow," by Franz Lehar; "Variants on a Medieval Tune," by Norman Della Joio; "Promenade" from "Five Miniatures," by Turina; "Espagna Rhapsodie," by Chabrier; and "Dry Bones;" "Dawn," "Sleeping Village" and "Shortnin' Bread."

Let's Have No Secrecy

One of the cadidates for the Lemon Grove Local Fire District Commission appears to believe in secrecy.

John L. Hall, a self-employed salesman of 1811 El Prado, st. has refused to give us information concerning himself in regard to his race for the fire board.

That we are able to find out about Mr. Hall from other sources is not particularly important. What is important is that Mr. Hall, should he be elected, will have started his term under a shadow of suspicion by enunciating a policy of no information

"THE CROSS"

The Cross is the basis of reconciliation between God and man. Man sinned and broke relations with God. God sent His Son to die on the cross to pay the penalty and to prepare the ground for reconciliation. Christ rose from the dead and is now our Mediator, Advocate and High Priest. By faith and trust in what He has done for you, you may be reconciled to God.

COUNTY REJECTS CHURCH BID FOR ROAD USE

SAN DIEGO (CNA) — The County Planning Commission took only a few minutes to deny a special use permit to the First Baptist church of Lemon Grove for construction of a new church building on the site of the present church at Olive and Main.

The action came, however, after two hearings on the subject. The hearing was closed at the previous meeting and no testimony was taken Froday.

Crux of the situation was the church's request for the closing of Burnell ave. between the two streets. The closing had been recommended to the Board of Supervi ors some time ago by the commission but after hearing numerous protests about the closing, the commission Friday rescinded its previous action and recommended denial of the requestd street vacation.

The county counsel's office had ruled that a plan of the church to use leased parking was not possible to fulfill off-street parking requirements under the zoning law. This meant the church would have had to obtain a variance, another parking area or reduce the seating capacity of the main auditorium.

The 1.40 acre site is considered substandard according to the commissions's general rule that a minimum site be at least two acres.

One commissioner said that he had heard from the church architect that the church will drop its expansion plans and not appeal the decision to the board of supervisors.

'GOD'S POWER . . .' IS METHODISTS' TOPIC

"God's Power and Righteousness from the Cross," is the sermon to be presented at the Lemon Grove Methodist church on Sun., March 28, by the pastor, Dr. Jordan E. Detzer. It will be taken from the Gospel of John. There are two services, 9 a.m. and 10:45 a.m. New members' orientation to our faith class meets regularly between services every Sunday in the Fellowship hall, the minister said.

The Stewardship Commission meets on Wednesday at 7:30 p.m. The Bible Study meets Thursday, 8 to 9 p.m. in the Narthex at the back of the new Sanctuary. At 9 to 10 p.m. on Thursday, the Prayer Group meets at the Altar Railing. Everyone is welcome.

There will be a Rummage Sale at the Fayaton Building on March 26 — 27, put on by he Womans' Society of Christain Service, announced Ruth Corbin, president.

The gym program continues on Monday, Wednesday, and Friday for boys, 7 to 9 p.m. For mothers and daughters it's Tuesday and Thursday from 7 to 9 p.m. in the gym.

The Attendance Crusade continues through May 23, announced the pastor, Dr. Detzer. The theme is "How to Pray: Learn His Way." Regular attendance is stressed especially at this time.

The event is being sponsored by First Church of Christ, Scientist, La Mesa, and takes place at 3:00 p.m. in the church edifice, 8262 Allison Avenue, La Mesa. There is no admission charge.

Mr. Alton resigned as administrator for the Rockefeller Brothers Governmental Studies a few years ago to devote full time to the Christian Science healing practice. He has held a number of executive posts in the oil industry and other development enterprises over the years, and during World War II served as a Captain of Military Intelligence with the Airborne Crops in Europe.

Several dramatic examples will be read from the Bible.

The subject is "Unrealty." Citations from the Christian Science textbook will be given.

AFS RUMMAGE SALE IS THIS WEEK

Easter bonnets and bath tubs, riding boots and alligators, and many unusual finds can be secured at the annual Rummage Sale sponsored by the American Field Service at Mt. Miguel high school. The sale is to be held Friday and Saturday, April 2-3 from 9 a.m. to 4 p.m. at 7702 Broadway, Lemon Grove, in the Fayaton bldg.

for the press. The press being the people, it is fair to believe that Mr. Hall, as a commissioner, will operate in a vacuum.

If elected, (and we urge voters to reject him) he may or may not serve the best interests of the Lemon Grove Local Fire District, But because of the suspicion he will have created by his self-imposed secrecy, this newspaper will examine carefully every one of his actions as commissioner to be able to report fully whether or not he is serving the best interests of the public.

So it is our recommendation that voters elect either the incumbent, Skip Heidick, or Robert Vaught, a former commissioner, to serve the district.

Water Via Solar Still Seen As Booming Industry

A new, thriving industry for Lemon Grove destined to provide more potable water for those who want it was demonstrated Friday at the Lemon Grove Men's club.

Horace McCraken, projects manager of the Jet Solar System of Jet Tool Co. on North ave. said that the solar distillation devices he designed and Jet is manufacturing could replace the $25 million bottled water industry in San Diego County.

His 1½ gallons-a-day distillator is being sold for $140 and is completely automatic. It will pay for itself, by bottled water standards, in two or three years. Installation is generally $100 additional, he said.

McCracken claims to have made the first residential installation of solar still in the United States.

"Solar stills are contributing to the economic development of the Baja "California coastline," he said. Commercial developments without other sources of drinking water are now able to function because of solar stills such as ours."

SUPERVISORS' REDISTRICTING REQUEST WITHDRAWN BY BONEY

SAN DIEGO (CNA)—Second District Supervisor Henry A. Boney Tuesday withdrew his request that all National City and Sweetwater precincts be withdrawn from the second district and added to the fourth district to equalize population.

He said he was "surprised" that the rest of the board members last week had not acted to make the transfer. The board made a minor change in the supervisorial boundaries, but in Boney's absence, decided to delay action on the National City move for further study, with, perhaps more changes to be made than that.

Boney said Tuesday that he had talked to each of the board before the previous meeting and had gotten agreement from all of them about National City.

Boney, who is from La Mesa, ran far behind David Bird, National City, in the bay city but made up the deficiency in La Mesa, Mt. Helix, Lemon Grove and Spring Valley.

County Counsel Bertram McLees said that the board can change boundaries at its discretion is governed only by a liberal state law that the total of any three districts in population or registered voters add up to more than 50 percent.

Present districts meet this test but the two non-San Diego City districts are largest, especially the second.

Assessments For Mt. Vernon

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday approved the spread of assessments in the Mt. Vernon Improvement District in Lemon Grove for the installation of sewers.

The major cross streets in the area are Mt. Vernon and Massachusetts. The project installed 11,490 lineal feet of sewer lines at a cost of $5.75 a benefited front foot. The contract was for $102,900 which was well below the engineering estimate at $123,000.

The only protest at the board meeting came from a property owner at the southwest portion of the district who wanted to connect to another sewer project.

The job was done with only 54 percent of the property owners in favor after the county health department held that sewers were necessary in this area.

LETTERS TO THE EDITOR

Dear Editor:

We are representatives of a new Explorer Post in Lemon Grove. We (Post 168) are eager to prove ourselves as active members of our city. Hearing about the cleanup drive we decided to take a hand in the work to be done.

We are available at your disposal to help in any way. If you can use our assistance, feel free to call Tony Sohr at 463-1055.

Dear Editor,

Entering a place of business with no indication that your presence is noted is disconcerting to say the least.

There is an urgent need in Lemon Grove for business personnel to realize that any visitor to their establishment is a possible cash customer. Unable to find the particular item and receiving no notice or offer of assistance, one simply walks out and tries elsewhere.

life! unafraid

People don't often realize when they're afraid, because fear has so many disguises. There's only one way to live without fear. And that's to conquer it — day by day — with the growing spiritual strength made possible by divine Love. Hear this public lecture, "Life Unafraid," by WILLIAM HENRY ALTON, member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts.
